5. Please describe how you feel about the relocation of supervised family time from Radford Avenue to Treetops and/or St Oswald's

- Positive remarks re Treetops: 5
- Good to have an outside area for children: 2
- Parking at St Oswald's can be an issue
- Open to new things
- Although Radford is closer to transport links, it would be worth it for nicer facilities and settled contact arrangements x 2
- More travel – not in walking distance: 4
- Like the fact the staff will be the same
- Don't want to attend Treetops as I know people and don't want to bump into them. Would prefer St Oswald's.
- More security for staff/parking: 2
- No impact
- St Oswalds would be better as it's not by my school and my friends won't see me attend.
- As a Foster carer it doesn't impact me directly. The location isn't an issue, if he happy to go to either. I think it would be nicer for the children and their families to have nicer facilities for the time they have together
- I think the option to have a fresh, new place for children/families to attend for them to feel more comfortable and provide a better-quality service to them

- Car parking spaces at St Oswald's school would be helpful
- Treetops better as an outdoor area
- Having been to Treetops before I think this would be a more suitable area for family contact to take place
- Would prefer St Oswald's
- It would be nice to have a better building for staff and families
- A nice centre for the children
- It will impact service users who travel via public transport as both of these are not in walking distances of the train station. Radford was perfectly positioned for ALL public transport
- More walking
- Maybe include more things for teenagers to do
