

Who is this course aimed at?

Anyone who wishes to brush up on their maths skills.

What will I need?

No formal qualifications required to join.

Programme Aims

This course is designed to help individuals to build on their Maths skills.

What will I do?

The course will cover:

- Number & Fractions
- Measurement
- Data

How will I be taught?

Most tutors deliver group activities as well as individual work specifically tailored to the learners learning targets. Tutorials will also take place to allow the learner to discuss any issues or concerns they may have about their learning, as well as gaining feedback on their progress.

How will I be assessed?

Ongoing assessment of work, tutorials and National accreditation

What could I progress on to?

- Another community learning course.
- Further study for a qualification at college level

Will I gain a qualification?

If you wish to work towards a qualification you can. Your tutor will monitor your progress and let you sit the exam when they know you are ready to.
