

Bishops Wood Centre

Bishops Wood Centre

Materials Used

- Wood

- Recycled Bricks

Materials Used

- Special Paints

- Turf Roof

Energy Saving

- Small pieces of recycled paper are used to insulate the walls
- Heating turns off when rooms are empty
- Foil is placed behind the heaters
- Lights turn off when rooms are empty
- Windows are double glazed

The solar room has a glass roof.
The sun makes this room warm.

There are glass tubes on the roof of the building. The energy from the sun heats the water.

Water Saving

- Water butts collect rainwater
- Reed beds recycle water

Waste

Compost heaps and worm bins recycle waste food

- Compost heaps

- Worm bins

When you visit Bishops we hope that you will bring a Waste Free Lunch.

Here are some tips:

- Use a refillable drinks bottle or flask instead of cartons and cans
- Put sandwiches in a re-usable container instead of food bags, foil or cling-film
- Avoid goods that have lots of packaging

Waste Free Lunch

- Any waste from your lunch will be sorted into two buckets.
- One for waste food
- and one for wrappers

Waste Free Lunch

- The waste buckets will be weighed
- Your class will be given a certificate to show how much waste there was
