

Learning for Sustainability: A Golden Thread? Developing Curriculum ~ New Opportunities

A Conference at Bishops Wood Centre
FAO: Head Teachers / Curriculum Coordinators / Senior Leadership Team

Bishops Wood Centre: 27th May (9:00 AM to 3:00 PM)
Price: £50

Speakers include:

- **David Gardner (QCDA)**
- **Brian Pengelly (Education Improvement Adviser, WCC)**

Plus (National Case Studies ~ the long view)

- **St Francis Xavier Primary School, Sandwell** (sustainability as part of a whole school approach, taking the school from Special Measures to Outstanding)
- **The Crispin School, Somerset** (using sustainability as a central theme for redesigning their Secondary Curriculum)

Plus (Worcestershire Case Studies ~ bridging the gap!)

- **Honeybourne First School**
- **Grimley and Holt Primary School**
- **Sytchampton First School**
- **Meadows First School / Parkside Middle School**
- **Red Hill Primary School**
- **Hagley RC High School**
- **King Charles 1st High School**

Delivery: a range of presentations, discussion fora & practical planning workshops

The Conference will offer materials that will help you:

- **Inspire and challenge colleagues by providing case studies of high quality work from other schools**
- **Raise standards across the curriculum by showing how sustainability can be a 'golden thread' in curriculum design**
- **By providing material for you to use with staff in CPD sessions**

This Conference is organised by the *Learning for Sustainability Team* for both Worcestershire Schools and Schools from the West Midlands.

Booking Deadline Friday 14th May

(Limited spaces available ~ so book early to avoid disappointment)
