

Learning for Sustainability in Worcestershire

Eco Communities Conference. 25th May 2011.

Rupert Brakspear

ROADMAP?

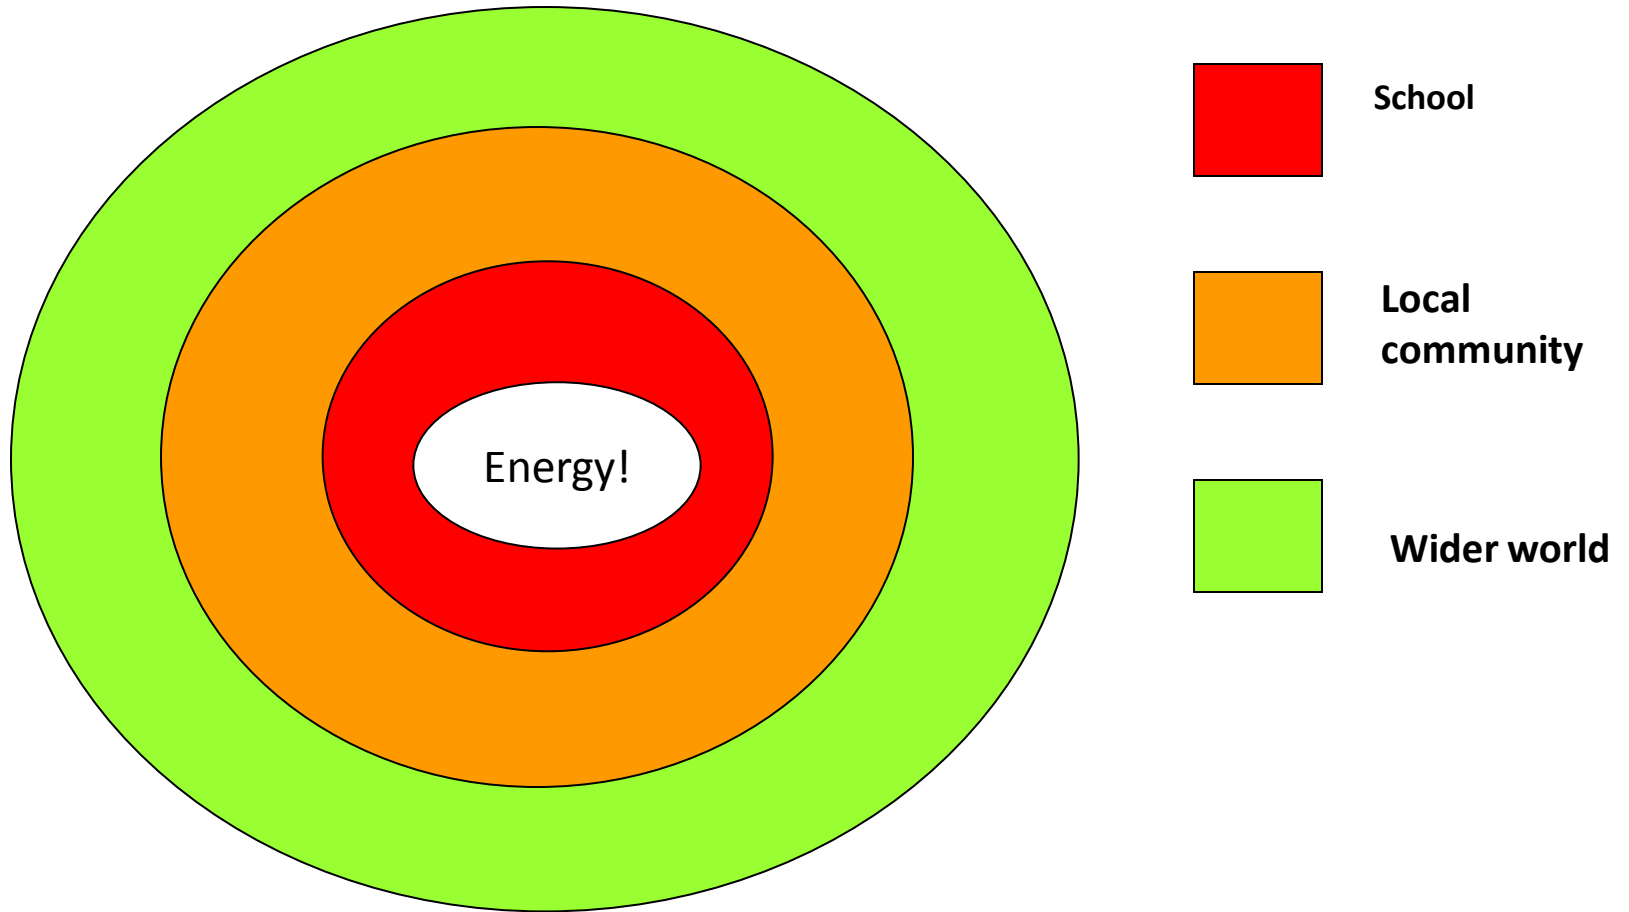

Enough, For All, For ever

Learning to live with the planet

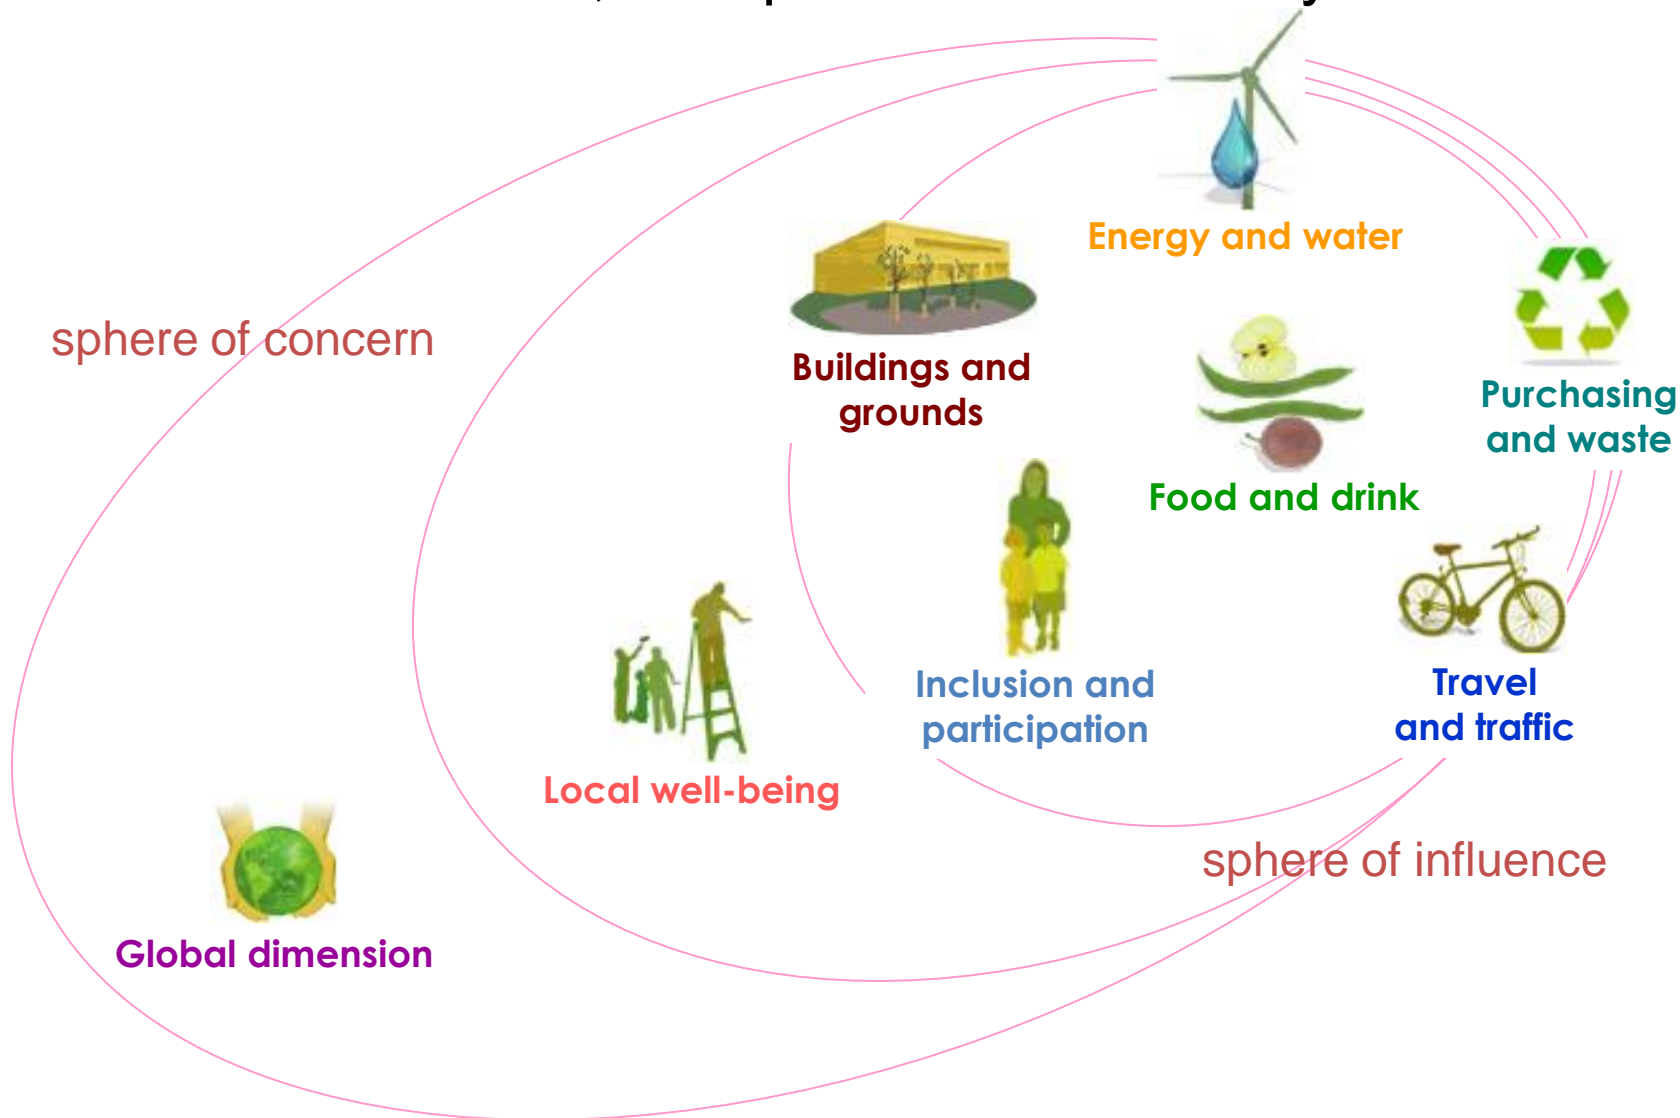

Learning to live with each other

Schools can make a difference?

Sustainable Schools 2006 (DCSF):

- Care (for oneself / each other and the environment)
- Across Curriculum, Campus and Community

Eco Schools ~ a focus since 1990s

2. Imagine & Plan

3. Do

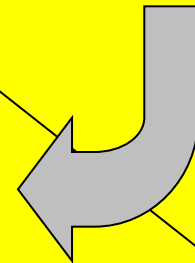

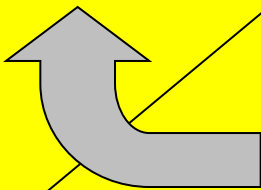

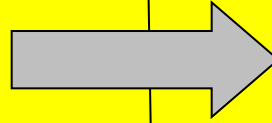

SLT

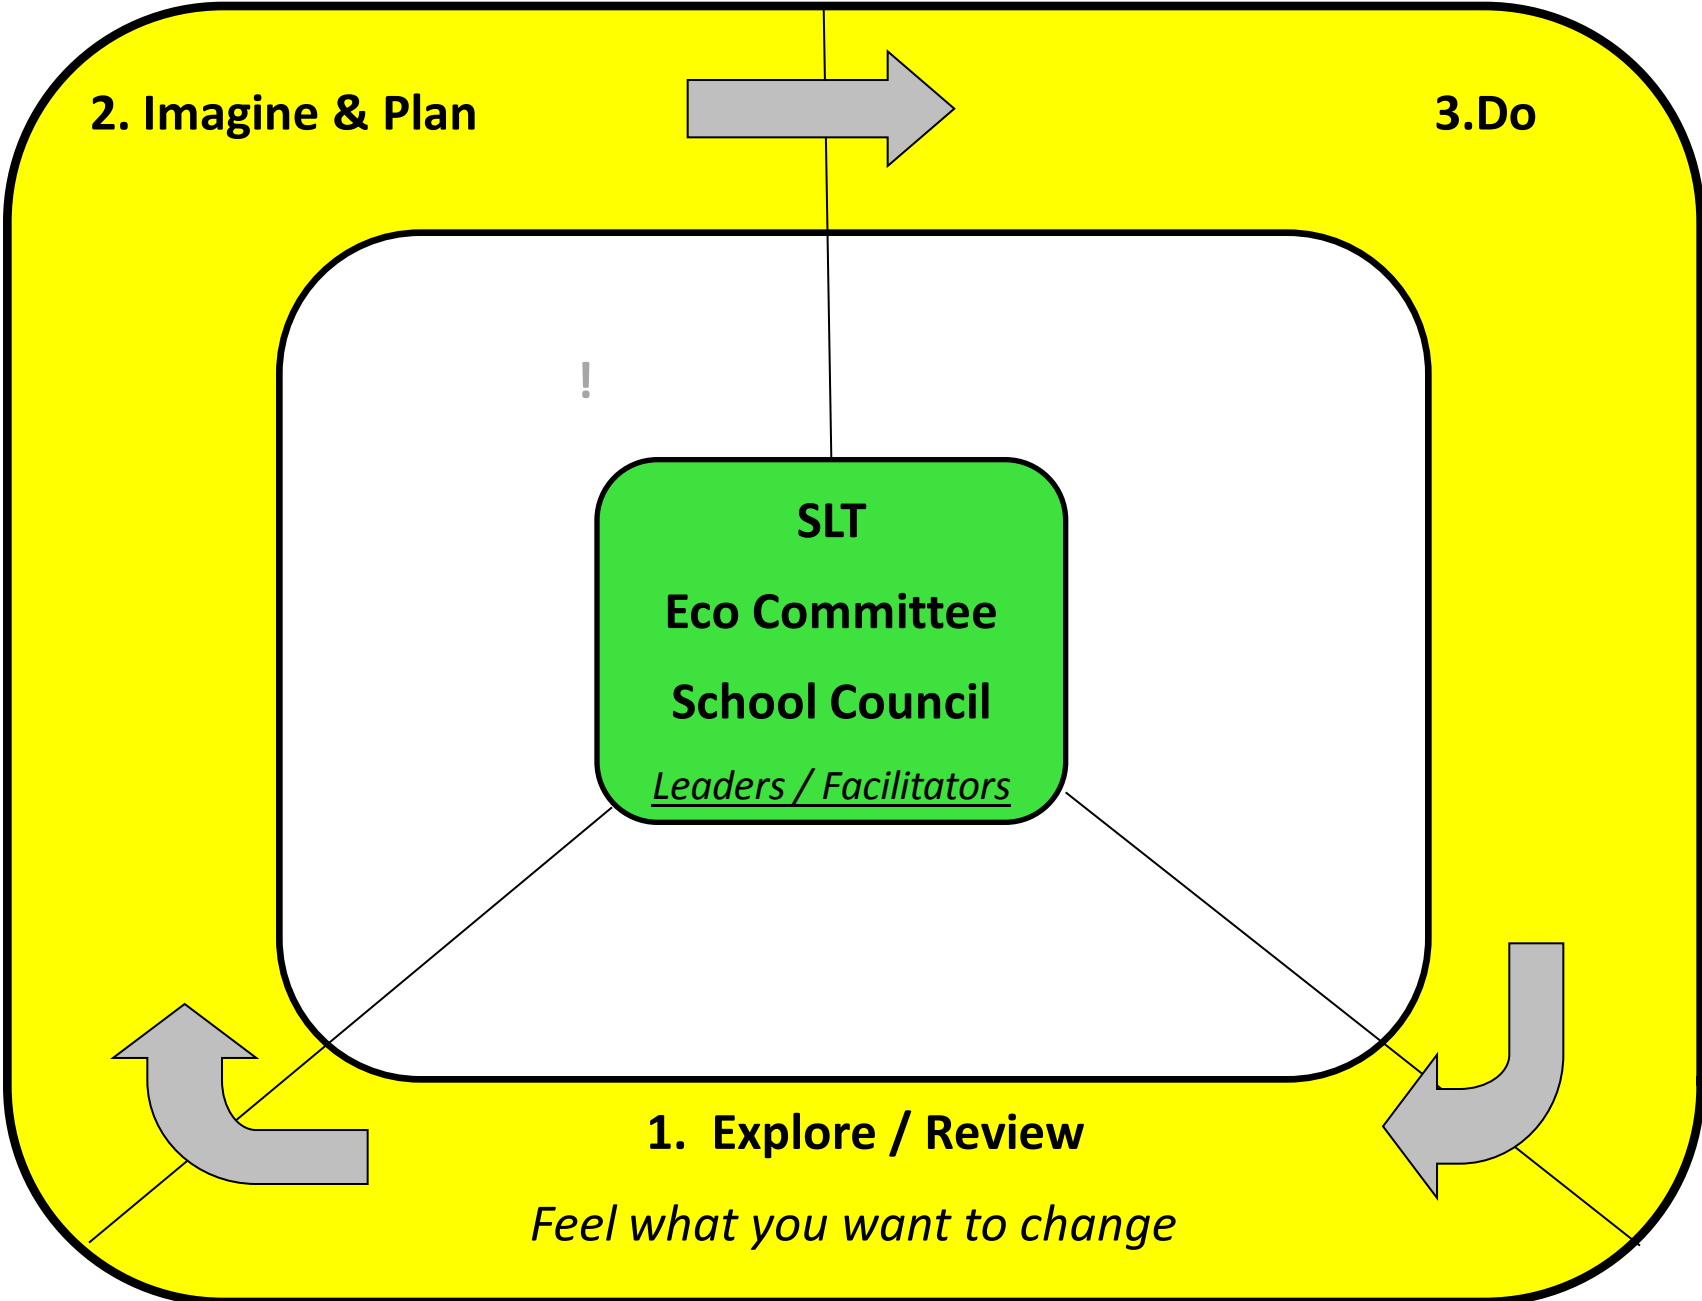

**Eco Committee
School Council**

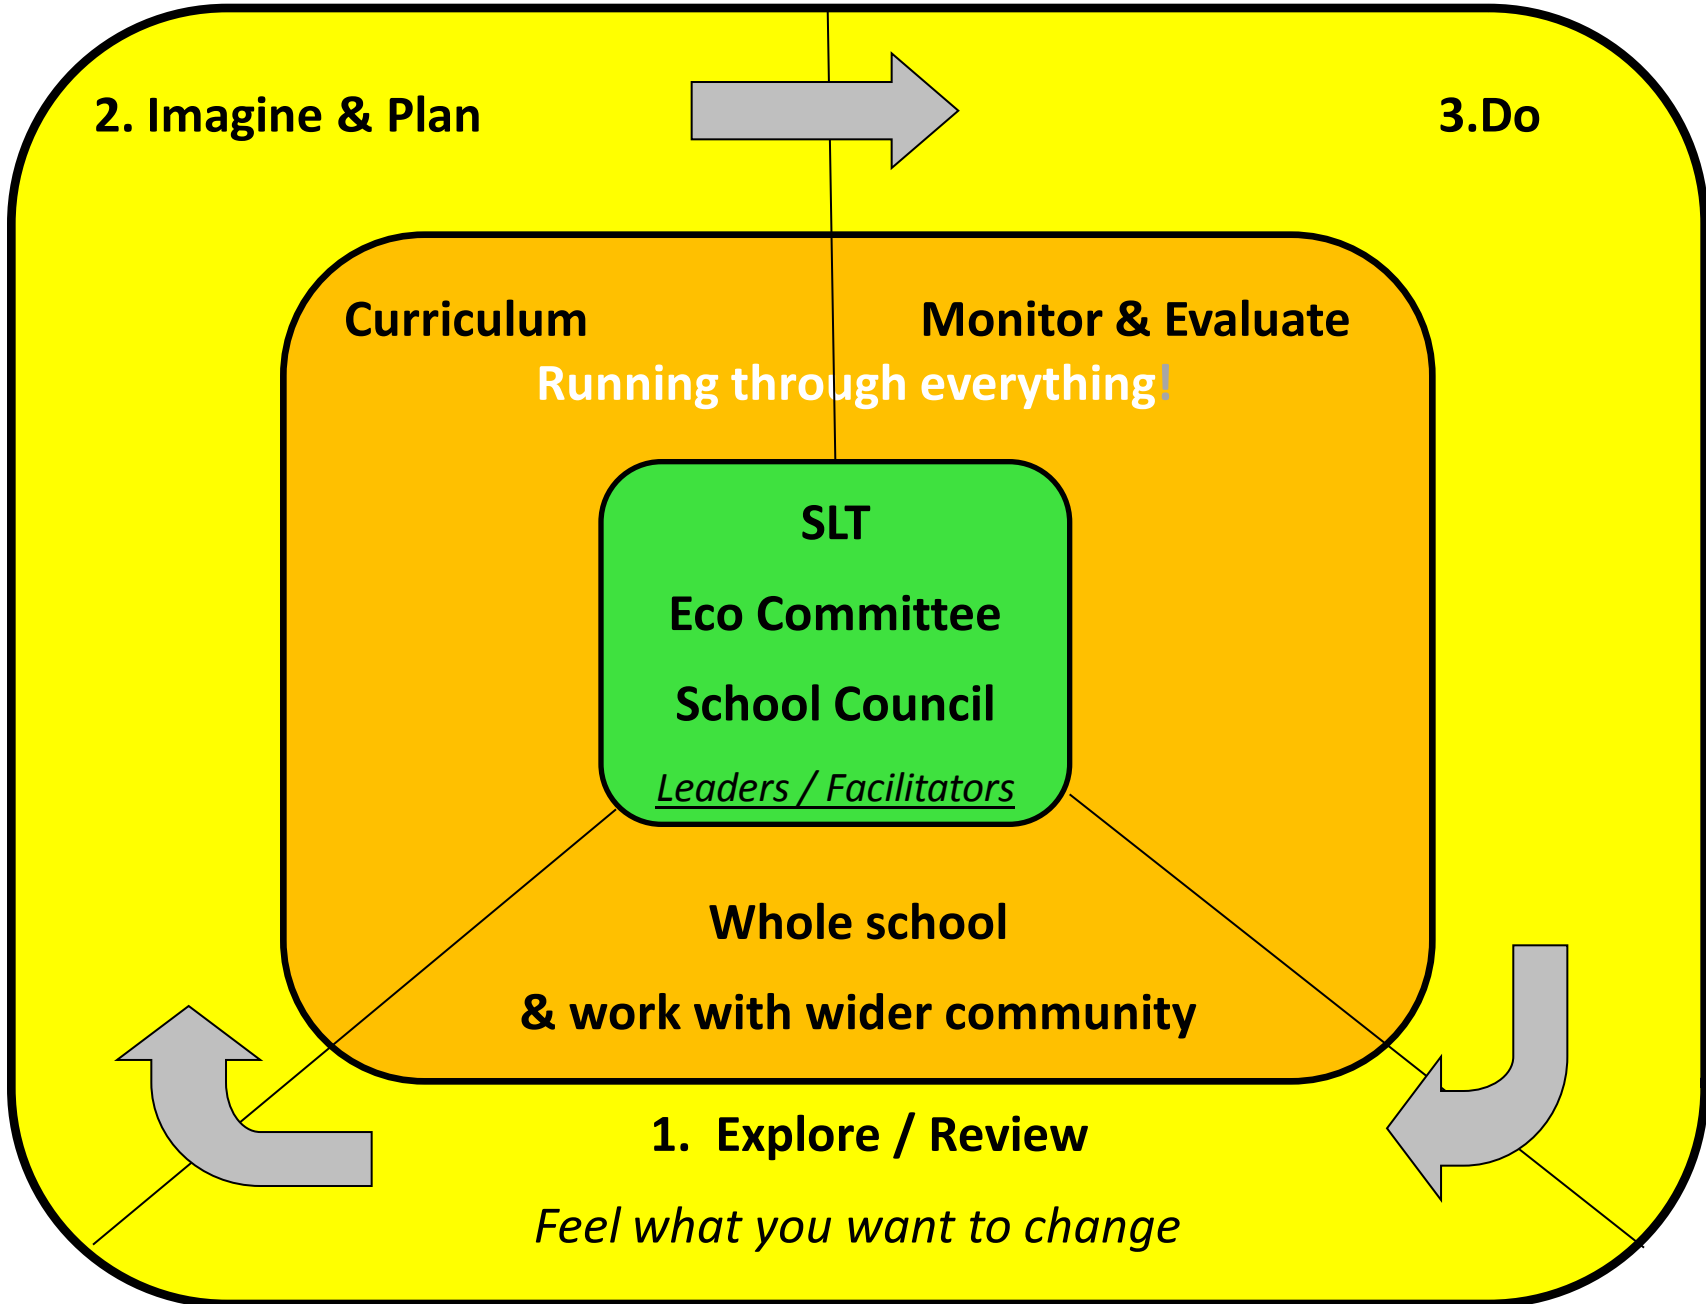

Leaders / Facilitators

1. Explore / Review

Feel what you want to change

Reasons for an Eco Communities Project:

Need to give focus and opportunities to explore:

- Whole school approaches and connections with Sustainable Schools (Curriculum / Campus / Community)
- Work around major themes ~ integrated with curriculum planning / development
- Address gaps around meaningful work with **community**
- Monitoring and evaluation linked to
 - Savings
 - Families
 - Teaching and Learning
- Involvement and engagement of key stakeholders
