

Waste Free Lunch

At Bishops Wood
Centre

When you visit Bishops we hope that you will bring a Waste Free Lunch.

Here are some tips:

- Use a refillable drinks bottle or flask instead of cartons and cans
- Put sandwiches in a re-usable container instead of food bags, foil or cling-film
- Avoid goods that have lots of packaging

Waste Free Lunch

- Any waste from your lunch will be sorted into two buckets.
- One for waste food and one for wrappers

Waste Free Lunch

- The waste buckets will be weighed
- Your class will be given a certificate to show how much waste there was

How we dispose of waste

Compost heaps and worm bins recycle waste food

- Compost heaps

- Worm bins

How we dispose of wrappers

- Metal drink cans are recycled
- Glass containers are recycled
- Paper napkins can be composted
- Plastic goes to land-fill as there are no facilities for recycling plastics in our area
- Usually we ask classes to take their waste wrappers back to school to recycle

You can find out more about sustainable and waste free lunches by visiting these websites
