

Records Indexes

Greenbank Wills

The Greenbank collection of wills form a subset of our wider Will collection, relating to probates granted in the Consistory Court of the Bishop of Worcester. They take their name from a Mr. Greenbank a local registrar, who extracted these wills from the regular sequence, for reasons which have never been fully established. However they are always worth searching alongside our regular sequence of wills (the hard-copy index of which can be found in both Record Office branches).

BA 3585 Ref 008.7

Surname	First name	Place	Date	Box and document number	Document
