

CHALLENGING STEREOTYPES ACTIVITY

OVERVIEW

This activity will enable hub member schools the opportunity to engage with and encourage students to understand the need to challenge gender stereotypes in relation to careers and a variety of job roles

These activities should enable students from both KS3 and KS4 with the ability to begin to understand that there should be no barriers standing in their way should they wish to undertake a specific career pathway.

Students will be required to undertake a series of activities which will help them understand that there are still barriers in the workplace, obtain their opinions on how this may link to historical or cultural gender stereotypes and whether some careers are actually more suitable to one gender more than the other.

SUPPORT ON OFFER FROM HUB DELIVERY TEAM

The Worcestershire Careers Hub Delivery Team will produce a resource document which can be used by careers leaders to support the facilitation of this activity.

The resource documents will be specifically focused on activity covering both KS3 and KS4.

The resource documents will allow students to complete these activities on a computer where they can enter their answers / research results into a free text area or provide careers leaders with the opportunity to provide these as a printed version which can be distributed to students within a classroom environment.

These documents can also be found on the Skills for Worcestershire Website.
