OFFICIAL

Dear Steven,

Thank you for forwarding the consultation for planning permission for the Proposed Sand and Gravel Quarry and Restoration Scheme at: Land at Lea Castle Farm, Near Wolverley, Worcestershire. We would like to reiterate that as we are not statutory consultees we would not routinely comment on this type of planning application. Impacts on public health from local air quality, noise and contaminated land fall under the remit of the local authority and it is their responsibility to decide whether or not to comment on these aspects of the planning application.

At the Scoping Opinion for the Environmental Impact Assessment stage, we provided advice as to what the applicant might wish to consider when formulating their Environmental Impact Assessment. We would expect this land use to require a bespoke Environment Agency permit, for which we are a consultee. We will therefore comment at that stage.

With best wishes

Subject: RE: Seeking Comments - Proposed Quarry at Land at Lea Castle Farm - Ref: 19/000053/CM

Dear Sir or Madam,

Application Ref: 19/000053/CM **Grid Ref:** (E) 383959, (N) 278992
Applicant: NRS Aggregates Ltd
Proposal: Proposed sand and gravel quarry with progressive restoration using site derived and imported inert material to agricultural parkland, public access and nature enhancement
Location: Land at Lea Castle Farm, Wolverley Road, Broadwaters, Kidderminster, Worcestershire

Further to my consultation email below seeking your comments on the above proposed quarry at Lea Castle Farm. A number of letters of representation have been received, which raise concerns in relation to health, in particular

exacerbating / causing asthma, chronic obstructive pulmonary disorder (COPD), bronchiectasis, silicosis, cancers and heart and lung diseases.

I have attached a selection of the comments for your consideration.

Kind regards

Steve
