NRS Aggregates Ltd is applying to Worcestershire County Council for planning permission for the above proposal. The planning application is accompanied by an Environmental Statement.

The applicant is seeking planning permission to extract approximately 3 million tonnes of sand and gravel over a total of 6 phases. The land would be progressively restored using site derived and imported inert material to agricultural parkland, public access and nature enhancement. The applicant estimates the development would take approximately 11 years to complete.

The planning application, the plans, the Environmental Statement, Non-Technical Summary and relevant documents are available to view on <http://e-planning.worcestershire.gov.uk> using application reference: 19/000053/CM. When searching by application reference, please ensure that the full application reference number, including the suffix are entered into the search field.

I would be grateful for any comments you may have on the above application by **19 March 2020**. If this is not possible please let me know.

Please do not hesitate to contact me if you have any queries.

Kind regards

Steve
