

# Slips, Trips & Falls

1. Keep working areas, walkways and stairs well lit
2. Secure any rugs, mats and carpets securely ensuring they don't move
3. Cover any cord & wires that cross walk ways
4. Keep walk ways clear
5. Mark wet areas with a sign, clear up any spills immediately
6. Spread grease-absorbent compound on any oily spills
7. Always shut filing cabinets and drawers after use
8. Never carry or push loads/boxes that block your vision
