

Appendix 28: Analysis of aggregate resources in ECA 28: Defford

ECA Summary for the Third Stage consultation on MLP (Spring 2015):

Sand and gravel

BGS data indicates that there is a deposit of sand and gravel in this ECA however it was screened out of further assessment due to its size.

There are no resource areas identified in Defford ECA for sand and gravel.

Crushed rock

There are no resource areas identified in Defford ECA for crushed rock.

Non-aggregates

BGS data indicates that there are no non-aggregate mineral deposits in Defford ECA.
