

## Appendix 31: Analysis of aggregate resources in Area 31: Alvechurch

### ECA Summary for the Third Stage consultation on MLP (Spring 2015):

#### Sand and gravel

There are no resource areas identified in Alvechurch area for sand and gravel. The sand and gravel deposits in this area are assessed as part of ECA 3 (North Worcestershire Hills).

#### Crushed rock

There are no resource areas identified in Alvechurch area for crushed rock.

#### Non-aggregates

BGS data indicates that there are deposits of clay in Alvechurch area. Clay has not been considered in the resource assessment, which only addresses Aggregates.
