Worcestershire Public health Impact Assessment Screening Template

Description and aims of the policy/report:						
<i>The SEND Improvement Action Plan is a response to the requirement to produce a Written Statement of Action detailing how we will tackle areas for improvement identified by the Joint Local Area SEND Inspection that took place between the 5 – 9 March 2018. The findings of the Inspection were published on the 16th May 2018. The plan also includes associated and ancillary actions and tasks to ensure there is a single implementation plan that responds to the findings and the implementation of the SEND strategy. The primary aim of this plan is to build trust and confidence in the system that supports parents, carers, families and children and young people with SEND.</i>
