

Prompt Cards

You are working in the kitchen, making a patient a cup of tea and you spot smoke coming out from underneath a cupboard door.

What do you do?

A patient has tripped over and has a small cut on their hand.

What do you do?

There is lots of broken glass and spilled water on the floor. You think someone has dropped their glass of water and left it.

What do you do?

There is a power cut and you have no electricity. It is dark and you are working in a care home with elderly residents.

What do you do?
