

# Care needs

Look at these images of different people. Can you identify their care needs?

Joe

Chris

Penny

Zoe

Sammi

# Care needs

You might have had difficulty identifying their care needs, as not all needs are visible. Read through each scenario to find out more about each person and their needs. Can you state the type of care they need and who can help?

Joe

Joe is Autistic and lives in supported living. He needs help with some daily tasks.

Penny

Penny has mobility difficulties and struggles with daily activities such as dressing and washing.

Chris

Chris has complex medical needs. He requires help to administer the medication.

Zoe

Zoe has just had surgery. She temporarily needs full-time care to help her with recovery.

Sammi

Sammi parents work long hours and can't pick her up from school.
