

JOB DESCRIPTION

Carer - Deer Park Care Home

£11 per hour
Night shifts

Deer Park Care Home provides expert 24-hour residential, nursing, dementia and respite care in contemporary and elegant surroundings. It offers an array of luxurious facilities; including beautifully decorated bedrooms equipped with ensuite wet-rooms, a selection of stylish lounges, multiple restaurants, a gym, cafe, cinema, a sumptuous hairdressing salon, leisure and wellness room, a private dining room and two acres of breath-taking gardens.

About the role

As a carer on our team, you will care for our residents as if they were members of your own family, recognising that each one of them is an individual with their own needs and preferences. You will help them in making choices regarding their care and support them with every aspect of daily living, from washing and toileting to dressing and assisting at mealtimes where required. Throughout all of your interactions with our residents, you will ensure that their needs are met through the delivery of dignified and person-centered care.

About You

You will be cheerful, caring and compassionate, as well as having a flexible approach to working shifts. If you have experience in care, that is great, but your personal qualities are far more important to us and we will provide full training and support for you to start your career in care.

The successful candidate will be subject to the provision of satisfactory references and a Disclosure and Barring Service (DBS) check, and they must be authorised to work in the United Kingdom. Candidates must also provide evidence of a full covid-19 vaccination.
