

# Social media post

With permission from your setting, this activity requires you to share the next page as a public post on your chosen form of social media - such as Facebook, Instagram, LinkedIn.

The post will need to be made as a public share, with the image attached and with the following copied into the caption. After a week, review the post to see how many likes, comments and shares have been received.

**Our students are learning about online safety, and we want to show them just how far one social media post can travel around the world.**

**Please like, comment and share this post!**
