JOB DESCRIPTION

Cyber Security Apprentice - Atradius

£16,000
Part-time

The Atradius Group provides trade credit insurance, surety and collections services worldwide, and has a presence through 160 offices in 52 countries. The products offered by Atradius protect companies around the world against the default risks associated with selling goods and services on credit. Within Atradius, information security is managed by the Security Management Team. The Cyber Security Apprentice will report to the Head of Security, who is responsible for defining the information security strategy, policies, technology, standards, processes and procedures. As well as for monitoring compliance with security requirements and addressing any security issues.

Eligibility Requirements
A highly analytical individual familiar with a passion for cyber security and protecting data, infrastructure and applications;
• Demonstrable experience in coding / scripting
• Demonstrable evidence of Ethical Hacking a distinct advantage
• GCSE / A-Level qualifications would be beneficial but not essential, we are looking for talented individuals with a passion for problem solving
• Fluency to a high degree in English is necessary.

What we offer
You will be able study part-time for your degree – whilst being able to put your fresh skills into practice within the security team.
You will work in a fully supportive environment
Flexible working arrangements are available
Atradius will fund your BSc Honours Degree in Applied Cyber Security
24 days annual leave plus bank holidays
Office amenities including onsite gym and showers, free on-site parking, subsidised restaurant, coffee shop and games room
Working with and learning from, an extremely experienced team of Information Security Professionals.
