

Hello,

I am emailing to raise my objection to the lea castle quarry as part of the ongoing enquiry.

As someone who has just purchased a house on Lea Castle village, I was unaware of the plans for a quarry.

I am concerned of the health and environmental impact. I have lived in the area a long time, locally born, it is such a shame to spoil the stunning greenbelt in this area.

Please add this objection to the others.

Kind regards,
Helen
