

Once again I write to show my sincere objections to the proposed Quarry  
I have sincere concerns over HGV lorries burning left from the proposed Quarry.  
I haven't heard this mentioned!  
The most concerning is that the B4189 Road crosses the Canal.  
I understand that the Construction of Canals and Bridges in Worcestershire were  
completed in 1815.  
I feel very strongly that the Quarry should not be Approved  
We must save our green and pleasant land.

Yours Faithfully,  
Pauline Jones. (Mrs)
