

To whom it may concern

I am writing to you to send my objection to the lea castle quarry.

We have lived in this village for 5 years now and the reason we chose this village is because of its beauty and nature. The beautiful walks, fresh air and pure peace you feel having this beautiful space on the doorstep.

We have 3 children and are foster carers. Our children attend the village school and I am hugely concerned for their health if this quarry goes ahead. Also the babies we foster who have come from terrible situations and often have health issues will be put at further risk by being placed with us!

We want our children and foster children to be able to enjoy the beautiful space and fresh air daily, without the worry that everytime they are outside even in their own garden they are breathing in dangerous dust particles.

Thank you

Ellie Richards
