

Start date: June 2025
End date: January 2026

What is this project?

- The partnership wants to find out what is important to children and young people with additional needs and what a good life looks like
- This feedback will help create the new SEND strategy plan

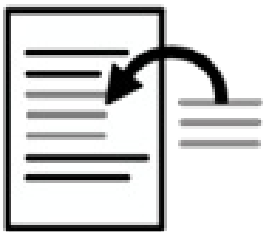

What are we doing and what have we done? (outputs)

- we have visited schools, colleges and settings in Worcestershire
- we have shared the draft quality assurance statements with the Voices United Forum for feedback
- Developing emerging outcomes to be shared with a wider range of children and young people

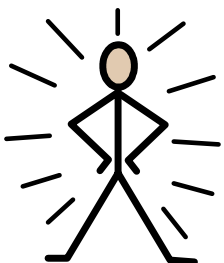

What difference does this make to children and young people? (Outcomes)

- Children and young people are designing outcomes that are important to them
- a clearer understanding of what a good life looks like
- Children and young people can see their ideas making a difference

What difference does this make to policies, services and the workforce (impact)

- The outcomes created will be used to create the Worcestershire SEND strategy plan.
- Services will be designed around what matters most to children and young people

How will we know we are making a difference?

- Surveys and meetings with groups of children and young people to ask if they feel the outcomes are making a difference in services
- regular reviews of the quality assurance statements
